

Genuary 2026 Prompts (some detail omitted)

- 1: **One color, one shape.**
- 2: **Twelve principles of animation.**
- 3: **Fibonacci forever.** Create a work that uses the Fibonacci sequence in some way.
- 4: **Lowres.** An image or graphic with low resolution, where details are simplified or pixelated.
- 5: **Write “Genuary”.** Avoid using a font.
- 6: **Lights on/off.** Make something that changes when you switch on or off the “digital” lights.
- 7: **Boolean algebra.** Get inspired by Boolean algebra, in any way.
- 8: **A City.** Create a generative metropolis.
- 9: **Crazy automaton.** Cellular automata with crazy rules.
- 10: **Polar coordinates.**
- 11: **Quine.** A Quine is a form of code poetry, it’s a computer program that outputs exactly its own source code.
- 12: **Boxes only.**
- 13: **Self portrait.** For example, get started with a very basic human face, a few circles or oval shapes. How far can you improve this by adding features that actually look like you. Try adding eyes, eyelashes, hair, and make a few parameters or colors variable. Even though you are aiming for a self portrait, it might be fun to render some random variations as well.
- 14: **Everything fits perfectly.**
- 15: **Create an invisible object where only the shadows can be seen.**
- 16: **Order and disorder.**
- 17: **Wallpaper group.** There are only 17 ways to cover a plane with a repeating pattern, choose your favourite on a linked page.
- 18: **Unexpected path.** Draw a route that changes direction based on one very simple rule.
- 19: **16x16**
- 20: **One line.** An artwork that is made of a single line only.
- 21: **Bauhaus Poster.** Create a poster design inspired by the German art school Bauhaus.
- 22: **Pen plotter ready.**
- 23: **Transparency.** Explore the concept of transparency.
- 24: **Perfectionist’s nightmare.**
- 25: **Organic Geometry.** Forms that look or act organic but are constructed entirely from geometric shapes.
- 26: **Recursive Grids.** Split the canvas into a grid of some kind and recurse on each cell again and again.
- 27: **Lifeform.** A shape or structure that behaves as if it’s alive or growing.
- 28: **No libraries, no canvas, only HTML elements.**
- 29: **Genetic evolution and mutation.**
- 30: **Its not a bug, its a feature.**
- 31: **GLSL day.** Create an artwork using only shaders.
